

Belgin Moses Chellathurai

Associate ID : 773331
Mobile : +91-9840306874
E-mail : belgin.m@cognizant.com

Professional Summary:

- Having **3.5 years of IT experience in Software development & support in Shipping, Automotive electronics and Telecommunication Domain.**
- Having good experience in developing web applications in MS Visual Studio using **ASP.Net MVC, C# .Net, Javascript, JQuery, AJAX, Web Service, Web API, MS SQL Server 2018.**
- Involved in all phases of the **SDLC (Software Development Life Cycle)** from analysis, design, development, testing, implementation and maintenance with timely delivery against aggressive deadlines.
- **0.8 years** of Experience as RPA Developer (**AssistEdge RPA**).
- **2.5 years** of Experience in ASP.Net MVC development.
- Good Knowledge in **AngularJS**.
- Experience in writing complex database objects like **Stored Procedures, Joins, Views, Functions, Triggers using SQL and PL/SQL.**
- Highly organized, able to meet deadlines and have strong desire to learn and master new technologies.
- Excellent communication, interpersonal, analytical skills and strong ability to perform as part of a team.
- Having good programming skills, willing to learn new technologies.
- Ability to work in a group as well as independently with minimal supervision.
- Hands on experience in Automation using **Robotic Process Automation (RPA)** for Assist Edge, an Edgeverve product.

Professional Experience:

- **Cognizant Technology Solutions, Chennai** – (Feb'19-Present) -Associate
- **Infosys Limited, Chennai** – (Oct'15-Feb'19) – Senior System Engineer

Academic Qualifications:

- **2015: B.E with FIRST CLASS DISTINCTION** - Panimalar Engineering College – Affiliated to ANNA University, Chennai-25. (**CGPA – 8.5/10**)
- **2011: HSC – AMAHSS School, Chennai-116 (AGGR – 95.5%)**
- **2009: SSLC – AMAHSS School, Chennai-116(AGGR – 96.6%)**

Technical Skills:

- **Programming Languages** : C#.Net
- **Microsoft Technologies** : ASP.Net 4.0, ADO.Net, LINQ, MVC 5.0
- **Automation Tool**: Robotic Process Automation(RPA) – Edgeverve Systems
- **Scripting Language** : JavaScript, JQuery, Angular JS, HTML 5, CSS
- **RDBMS** : MSSQL SERVER
- **Framework** : .Net Framework 3.5/4.0/4.5

Professional Experience:

Project #1:

Project : User Access Provisioning for Johnson Controls
Technology : C#,Oracle Webforms, AssistEdge RPA 8.6
Duration : May'18 – Feb'19

Project Description:

- A multiple set of use cases to provide access to users for oracle database based on business rule sets to access client applications.
- The automation will run 24/7 checking any requests from ticketing tool and automate oracle webform running all validation check and finally provide access if all validation results success.
- The application will automate such process using robot which takes care of all actions and reduces the human effort thereby increases productivity.

Role and Responsibilities:

- Requirement gathering and consulting with managerial, engineering, and technical personnel to clarify program intent, identify problems, and suggest changes.
- Development and implementation of modules.
- Managing design documents & modules for the client delivery.
- User Administration, Application support and Maintenance.

Project #2:

Project : Booking process implementation for APL
Technology : C# ,SQL Server 2018, Asp.Net MVC
Duration : May'17 – May'18

Project Description:

- Implemented additional functionality in the Booking Process System for client APL(American President Line) who have different centres(China and Malaysia) includes 130 Booking Offices with daily incoming Bookings of 3000(approx.).
- Worked on modules which needs to implement filtering and sorting data in terms of booking office and segregation of data based on item type and stored in multiple database tables.
- Validation of data according to booking office and country, load tables with data taken from booking reports.
- Various reports were automated includes Booking turntime report, Booking processing Report, Management report.

Role and Responsibilities:

- Development and enhancement of logic to pickup booking, validate it against different system as per business requirement.
- Requirement gathering and Analysis of the defects.
- Generating and automating the reports as requested by business.
- Production support and resolution of defects within SLA.
- Attending Business meetings on daily basis regarding defect analysis, enhancement scope, discussion on reports.

Project #3:

Project : WCCS customer portal for Cisco Systems
Technology : C#, ASP.Net MVC, LINQ, JSON, Rest Client, MS-SQL
Duration : Apr'16 – Apr'17

Project Description:

- A webportal design model to create a web request-response to upload and download customer data files from the client web application sites and move to shared path owned by business.
- Simple 3 tier architecture with UI in ASP.NET MVC which contains multiple data fields and fileupload controls. After submission and validation of user input, an upload request ID will be generated and the request status will be saved in data layer. These files will be processed by business and moved to shared path and subsequent updation in DB will be done. Later the customers will create download request and the files will be downloaded from webpage.
- It also involves analysis and extraction of business logic from the existing code written by using C# as part of rules extraction we need to go through the code and analyze the code, Stored Procedures, Functions and web Services of the project.

Role and Responsibilities:

- Analyzed the code of each module and extracted the business logic to check control behavior for each screen.
- Analyzed the database elements behaviour of each table, stored procedure and function and developed as per business logic.
- Interacted with business analyst to explain the extracted business logic.

Personal Profile:

Name : Belgin M.
Gender : Male
Marital Status : Single
Date of Birth : 12th Jan, 1993
Address : No:192, Krishna Nagar, 1st cross st, Maduravoyal, Chennai-95
Languages Known : Thamizh (RWS), English (RWS), Hindi (RW)

Declaration:

I hereby declare that the above written particulars are true to the best of my knowledge & belief and I bear the responsibility for the above-mentioned particulars.

Date :

Place : Chennai
